

# **New Student Pledge**

We, the Class of \_\_\_\_\_ and New Transfer Students, pledge to make appropriate use of Albion's resources—its faculty, staff, facilities, and opportunities.

We pledge to pursue our education in an ethical manner.

We pledge to treat one another with respect, and to always remember that we represent this College, all who have gone before us, and all who will come after us.

We pledge to use our education to improve our world and the lives of those around us, especially those less fortunate than ourselves.

We pledge to learn more about how to enhance our own personal well-being.

We willingly assume these responsibilities and expect this community to hold us accountable for them.
