

Campus Emergency Alerts

What Parents Need to Know from the Office of Campus Safety

Albion College uses Blackboard Connect as our Emergency Alert System to notify the campus community of hazardous or emergency situations occurring on or near campus and effectively share information with parents about these incidents in a timely and effective manner.

Parents can register their phones and email addresses in the system at <https://Britparents.bbcportal.com>. You will be asked to establish a username and password before entering your contact information.

IMPORTANT!!

The information entered in in the Emergency Alert System does NOT update or change contact information contained in official College records.

Nixle is the system that Albion Public Safety uses to alert the greater Albion community of serious crimes or incidents that have occurred in the city of Albion and pose a hazard to residents. Because Nixle is a regional system, you need to use the college address to get alerts for Albion: 611 E. Porter Street Albion, Mi 49224.

To sign up, go to [www. Nixle.com](http://www.Nixle.com)
