

## Student Involvement

Student organizations are a vital part of the Albion College community, adding an important dimension to your college experience. They offer many opportunities beyond those available in the classroom for the development of communication and leadership skills, engaging in teamwork and building a sense of community and encouraging service to others.

Getting involved in campus organizations is one way to make new friends, take part in important projects, make a difference in the lives of others, plan exciting programs and overall just have a lot of fun while at Albion.

If you would like to receive additional information about the student organizations at Albion College, please contact the Campus Programs and Organizations Office!

Please note that the list of student organizations is only completely accurate at the time of publishing, as groups become active and inactive throughout the year.
