## Learn about your pharmacy benefits

Do you have questions about your current prescriptions, their costs or other medications covered under your pharmacy plan?

Your online Blue Cross member account has the answers. **Log in to your account** at [bcbsm.com](http://bcbsm.com), or use the **Blue Cross mobile app**<sup>2</sup>, and select My Coverage.

### KNOW YOUR COST OPTIONS

**Search for generic alternatives for brand-name prescriptions.** Compare prices between generic and brand-name drugs, so you can talk with your doctor about lower-cost options for your prescriptions.

**See if your prescription needs authorization.** If you don't check, you may pay more for your prescriptions than you should.

**Order a 90-day supply.** If your plan offers the option, you may find savings by ordering a 90-day supply of your regular, daily medications from a participating retail pharmacy or mail order.
