

Linking to a Spot within an Article

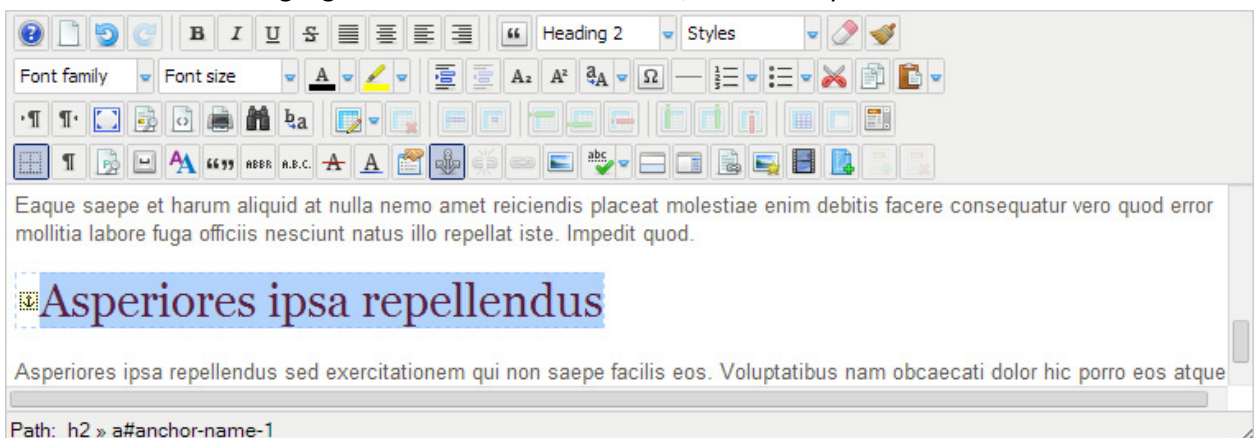

1. Highlight the text you would like to make into the destination and click the **Insert/edit anchor** button 

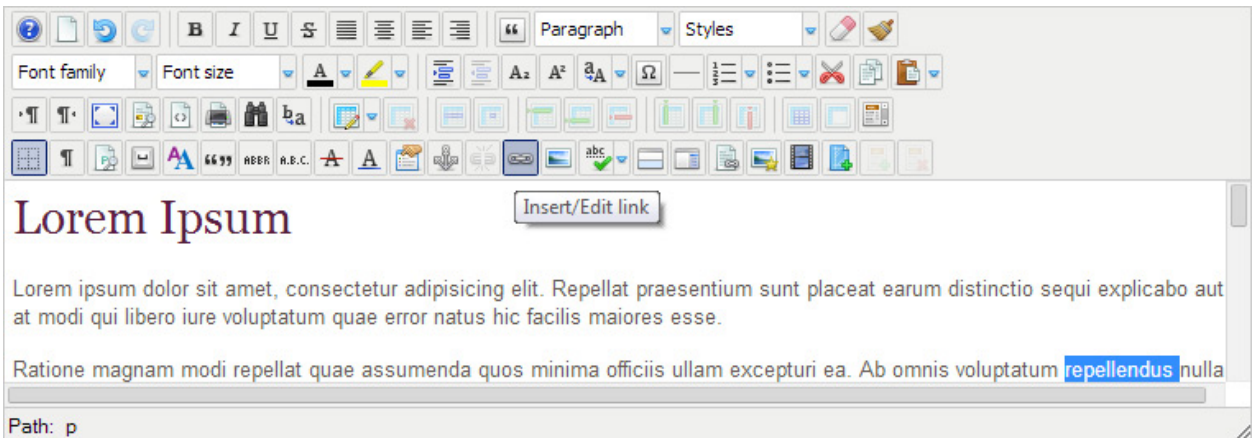

2. Give the anchor a unique name

3. Click the **Insert** button 
4. You will now see the highlighted text turn into an anchor, indicated by the *anchor icon* 

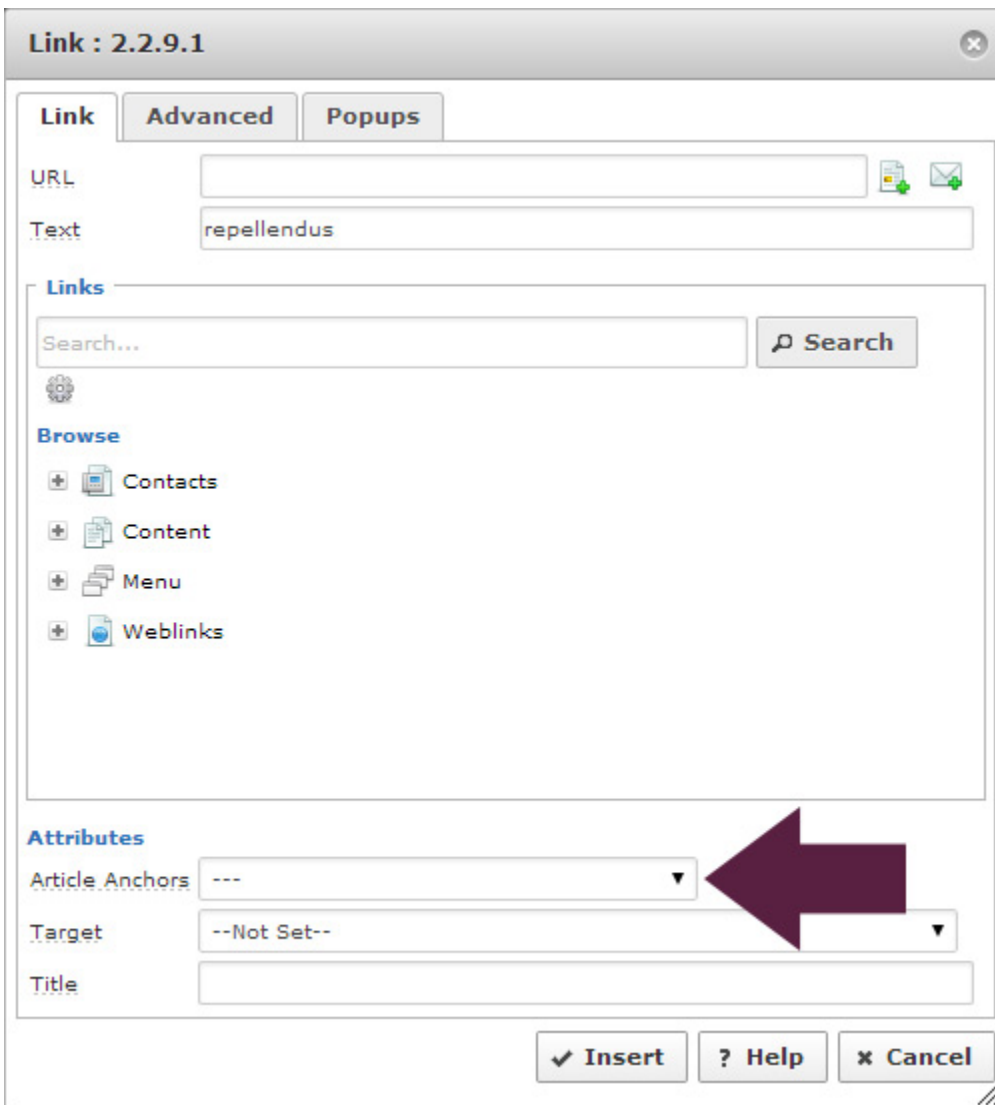

5. Highlight the text you would like to make a link and click the **Insert/Edit Link** button 

Path: p

6. This will open the Link window. In the *Attributes* section find the *Article Anchors* dropdown
